FOS STANDARD

COLOUR VERSION

# FOS

Refrigerated display case with innovative design, ideal for the traditional and impulse sale of sandwiches, drinks, sausages and pre-packing food

REFRIGERATION ARCHITECTURE

## DESIGN

FOS is an innovative refrigerated wall site display cabinet, which allows to show products in functional way. Each elements of FOS has been studied with particular attention to the appearance without underestimate its practicality: the bumper for example, protects and personalize the cabinet at the same time.

## VISIBILITY

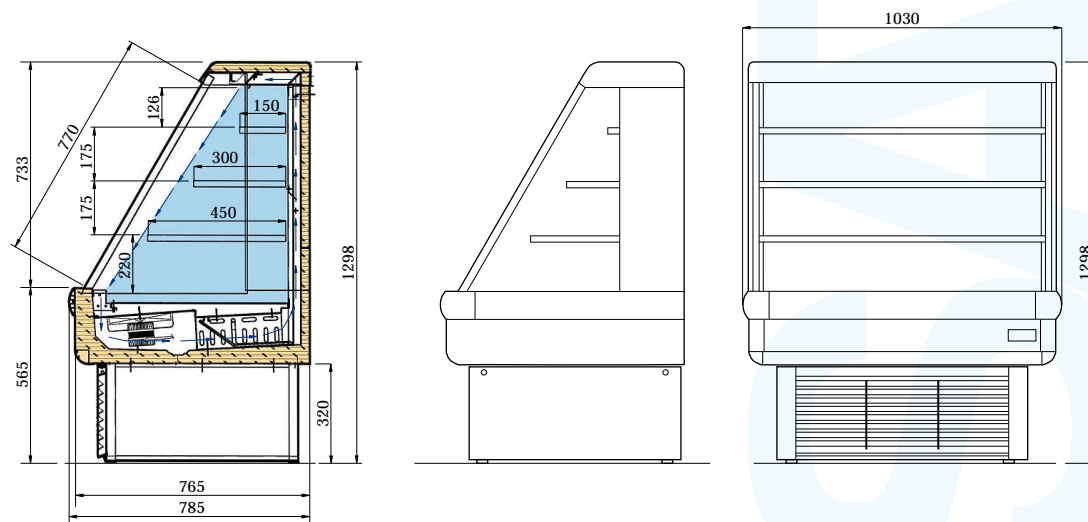

Panoramic end panels, heat low emissivity lighting system and special design, provide an added value to the product maximising impulse sales.

## VERSATILITY

FOS is ideal for bars, stations, as well as groceries and supermarkets. Rolls system allows an easy handling.

## QUALITÀ

For quality we mean flexible projects, care on details and reliability throughout time. These achievements are possible only thanks to the passion and ability of the hundreds people who form ISA staff, and are committed to customers' satisfaction.
